

Housing First logic model

Veterans First Program

Mission: empower veterans experiencing or at risk of homelessness to obtain stable housing and rebuild their lives

Assumptions: veterans in need of housing should be housed quickly regardless of circumstance such as sobriety or mental health condition ; services should be individualized based on veteran needs; participants meet Supportive Services for Veteran Families (SSVF) requirements

External Factors: availability of affordable housing; biases from community and landlords towards population; veterans' mental health condition, substance dependence, behavioral health, or co-occurring disorders; number of open employment opportunities; policies regarding Veterans Affairs; availability of community resources and benefits
