INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Friendship Place

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Friendship Place, which comprise the statements of financial position as of September 30, 2022 and 2021; the related statements of activities, functional expenses, and cash flows for the years then ended; and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Friendship Place as of September 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Friendship Place and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Friendship Place's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Friendship Place's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Friendship Place's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2023, on our consideration of Friendship Place's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Friendship Place's internal control over financial report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Friendship Place's internal control over financial reporting and compliance.

Notes to Financial Statements September 30, 2022 and 2021

1. Nature of Operations

Friendship Place is a leader in the Washington, DC, metro area in developing solutions to homelessness that have measurable results and a lasting impact. Friendship Place's mission is to empower people who are experiencing or at risk of homelessness to attain stable housing and rebuild their lives. Friendship Place helped 4,497 and 3,468 people in the years ended September 30, 2022 and 2021, respectively, with comprehensive, wraparound services that included street outreach, drop-in, free medical and psychiatric services, job placement, case management, transitional shelter, rapid rehousing, homelessness prevention, permanent supportive housing, and specialized services for families, youth, and veterans.

Friendship Place administers the following programs:

Veterans Services

Veterans First: Provides short-term, intensive case management and rental assistance to help homeless veterans and their families get back into housing quickly and to prevent homelessness for veteran households at risk of eviction. The program targets extremely low-income households (less than 30% of the Area Median Income) and serves the District of Columbia and eight surrounding counties in Maryland and Virginia. The program received additional funding from the U.S. Department of Veterans Affairs for a long-term shallow subsidy initiative for single veteran households in the District of Columbia. During the year ended September 30, 2022, 500 households were served (encompassing 669 total family members) through all services; of those who exited the program during the year, 86% graduated to stable permanent housing. Friendship Place also received additional funding from The Community Partnership to serve District of Columbia Veterans through prevention and housing access services (239 additional households encompassing 249 total family members).

Permanent Supportive Housing (PSH)

Friendship Place is a leading DC provider of PSH for highly vulnerable, chronically homeless individuals and families. The PSH programs are based on a low-barrier, Housing First service model and include scattered-site apartments and an apartment building for 40 men. Case managers help participants transition directly from homelessness into housing, and then provide long-term support to address the full range of their needs and empower them to achieve personal goals for recovery, wellness, self-sufficiency, and integration into the community.

Notes to Financial Statements September 30, 2022 and 2021

1. Nature of Operations (continued)

Permanent Supportive Housing (PSH) (continued)

During the year ended September 30, 2022, 564 PSH families and 256 PSH individuals were housed. The newly launched Valley Place Bridge Housing programming supported 76 individuals. PSH housing programs ended the fiscal year with a housing retention rate of 99.6%, whereas 22 individuals transitioned from Bridge Housing to PSH.

Short-Term Family Facility

The Brooks: The short-term family housing facility was opened in April 2020 as part of the District's efforts to end homelessness among families. With the capacity to serve up to 50 families at a time, The Brooks is designed to address the needs of resident families with wrap-around supportive services, clinical supports, child programming, and housing-solutions with a goal of moving families from shelter to stable housing within 90 days of entry. During the year ended September 30, 2022, 115 families were served (encompassing 335 total persons), exited 100 households (64% to stable housing) with an average length of stay of less than 100 days (62% of families exited in less than 90 days).

Outreach Services

Outreach Services (continued)

Welcome Center

- *Street Outreach:* Friendship Place conducts Street Outreach to men and women experiencing homelessness in upper Northwest DC, with a special focus on the hardest-to-serve those who have been on the streets for an extended period of time, who have mental health and/or substance abuse issues, and who are disconnected from DC's continuum of care. Roughly 3,620 total service tasks were completed on behalf of these individuals.

Services were scaled back during the year due to COVID-19 and the availability of practitioners.
- Access to Housing: Friendship Place's staff can help visitors access housing services anywhere in the District, not just at Friendship Place. During the year ended September 30, 2022, staff conducted housing assessments for 417 individuals and entered them into DC's Coordinated Entry System.

Youth Services (continued)

• *Youth Connect:* Outreaches to youth between the ages of 18 and 24 who are economically or emotionally detached from their families and are homeless, unstably housed, living in doubled-up circumstances, in transitional housing, in shelter, or on the street. Friendship Place actively solicits the support of volunteers. During the year ended September 30, 2022, more than 195 people provided volunteer service in every program and at every level of the organization, providing over 9,000 volunteer hours. The community engagement program also involves community members in advocacy for positive solutions to homelessness at the Federal and DC levels, and coordinates a speakers' bureau that offers educational presentations to community groups.

2. Summary of Significant Accounting Policies

Basis of Accounting and Presentation

Friendship Place's financial statements are prepared on the accrual basis of accounting. Net assets are reported based on the presence or absence of donor-imposed restrictions, as follows:

- Net Assets Without Donor Restrictions Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.
- Net Assets With Donor Restrictions Net assets subject to donor- (or certain grantor-) imposed restrictions. Friendship Place reports contributions and grants restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions and grants are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Notes to Financial Statements September 30, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Cash Equivalents

For the purpose of the statements of cash flows, Friendship Place considers as cash equivalents all highly liquid investments, which can be converted into known amounts of cash and have a maturity period of 90 days or less at the time of purchase.

Restricted Cash

Restricted cash consists of deposits held by Friendship Place on behalf of clients that lease space through Friendship Place. Restricted cash totaled \$188,980 and \$178,189 at September 30, 2022 and 2021, respectively, and is included in cash and cash equivalents in the accompanying statements of financial position.

Accounts Receivable

Accounts receivable primarily represent amounts due from program operations and are recorded at net realizable value. Friendship Place writes off accounts receivable when they become uncollectible. When necessary, an allowance for uncollectible accounts receivable is determined based on management's best estimate of the outstanding uncollectible accounts. At September 30, 2022 and 2021, management deems all accounts receivable to be fully collectible, and no allowance for uncollectible accounts was established.

Grants Receivable

Grants receivable consist mainly of amounts to be reimbursed to Friendship Place for expenses incurred under its agreements with the U.S. Department of Veterans Affairs and the U.S. Department of Housing and Urban Development. The entire amount is expected to be collected within one year, and is recorded at net realizable value. At September 30, 2022 and 2021, management deems all grants receivable to be fully collectible, and no allowance for uncollectible accounts was established.

Contributions Receivable

Contributions receivable represent unconditional promises to be paid in future periods and are recorded at net present value. Contributions due in more than one year are discounted to present value based on management's estimate of the risk adjusted rate of return.

Notes to Financial Statements September 30, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Contributions Receivable (continued)

Friendship Place provides an allowance for doubtful contributions using the allowance method, which is based on management's judgment considering historical information. Accounts are individually analyzed for collectability, and will be reserved based on individual evaluation and specific circumstances. When all collection efforts have been exhausted, the amounts are written off against the related allowance.

Property and Equipment

Property and equipment acquisitions with a cost in excess of \$5,000 and a projected useful life exceeding one year are capitalized and recorded at cost. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the individual assets, which range from three to 27.5 years. Leasehold improvements are stated at cost, and are amortized using the straight-line method over the shorter of their estimated useful lives or the term of the lease. Repairs and maintenance costs are expensed as incurred.

Revenue Recognition

Contributions and Foundation Grants

Friendship Place recognizes contributions and grants when cash, securities, or other assets, or an unconditional promise to give, is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Federal Grants

A portion of Friendship Place's revenue is derived from cost-reimbursable grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when Friendship Place has incurred expenditures in compliance with specific grant provisions. Costs incurred in excess of cash received are reflected as grants receivable in the accompanying statements of financial position. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the accompanying statements of financial position.

Notes to Financial Statements September 30, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition (continued)

Fee for Service Contract Income

Fee for service income is recognized as revenue when services are performed, which is when the sole performance obligation is satisfied.

Revenue from all other sources is recognized when earned.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Advertising Costs

Advertising costs are expensed as incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncement

In February 2016, the Financial Accounting Standards Board issued Accounting Standards Update 2016-02, *Leases*. The update requires a lessee to recognize a right-of-use asset and lease liability, initially measured at the present value of the lease payments, in its statements of financial position. The guidance also expands the required quantitative and qualitative lease disclosures. The guidance is effective beginning in Friendship Place's fiscal year 2023.

Notes to Financial Statements September 30, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

In preparing these financial statements, Friendship Place has evaluated events and transactions for potential recognition or disclosure through March 22, 2023, the date the financial statements were available to be issued.

3. Liquidity and Availability

Friendship Place strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. As part of this liquidity management, Friendship Place invests cash in excess of daily requirements in various cash equivalents. As described in Note 7 to the financial statements, Friendship Place also has a committed line of credit in the amount of \$700,000, which it could draw upon in the event of an unanticipated liquidity need. There was no outstanding balance on this line of credit at both September 30, 2022 and 2021.

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the statements of financial position date, comprise the following at September 30:

	 2022	 2021
Cash and cash equivalents Accounts receivable	\$ 5,948,500 348	\$ 7,209,787 530

Total available for general expenditures	\$ 6,002,455	\$ 7,025,903

Notes to Financial Statements September 30, 2022 and 2021

4. Concentrations of Risk

Credit Risk

Financial instruments that potentially subject Friendship Place to significant concentrations of credit risk consist of cash and cash equivalents. Friendship Place maintains cash deposit and transaction accounts with various financial institutions and these values, from time to time, exceed insurable limits under the Federal Deposit Insurance Corporation (FDIC). Friendship Place has not experienced any credit losses on its cash and cash equivalents to date as it relates to FDIC insurance limits. Management periodically assesses the financial condition of these financial institutions and believes that the risk of any credit loss is minimal.

Revenue and Receivable Risk

During the years ended September 30, 2022 and 2021, 37% and 35%, respectively, of Friendship Place's revenue and support was provided by federal grants. Any significant reduction in revenue and support may significantly impact Friendship Place's financial position and operations. Friendship Place was owed \$352,922 and \$255,665 from federal donors, which accounted for 23% and 26% of grants receivable at September 30, 2022 and 2021, respectively.

5. Contributions Receivable

Contributions receivable are promised as follows at September 30:

	 2022	2021

The appraised value at the time of donation (after closing costs) amounted to \$526,835 and is included in property and equipment in the accompanying statements of financial position. The same donor also established a donor-restricted Military Veterans Assistance Fund in conjunction with this gift. Refer to Note 11 for further information on this endowment.

7. Line of Credit

In August 2021, Friendship Place secured a revolving line of credit with Presidential Bank in the amount of \$700,000, payable on demand. Amounts borrowed under this agreement will be charged .50% per annum above the Wall Street Journal Program Rate; however, the rate will not fall below 3.75%. The line is collateralized by the assets of Friendship Place. There was no outstanding balance on this line of credit at both September 30, 2022 and 2021.

Notes to Financial Statements September 30, 2022 and 2021

8. Loan Payable – Paycheck Protection Program

Friendship Place applied for a loan under the Paycheck Protection Program (PPP) pursuant to Division A, Title 1 of the CARES Act, which was enacted on March 27, 2020. The PPP is a loan designed to provide a direct incentive for small businesses to keep their workers on the payroll through the COVID-19 pandemic, for which Friendship Place qualified. After the loans are granted, the Small Business Administration (SBA) will forgive loans if all employee retention criteria are met, and the funds are used for eligible expenses (which primarily consist of payroll costs, costs used to continue group healthcare benefits, rent, and utilities). The Paycheck Protection Program Flexibility Act of 2020 was enacted on June 5, 2020, and amends the PPP to give borrowers more freedom in how and when loan funds are spent, while retaining the possibility of full forgiveness.

The loan was granted to Friendship Place on May 5, 2020 in the amount of \$1,053,208, at a fixed rate of 1.00%, and would mature on May 5, 2022. The management used the entire loan amount for qualifying expenses and applied for full forgiveness. On November 10, 2020, the full amount of this loan was forgiven by the SBA, and the remaining \$466,207 was recognized as grant revenue and is included in contributions and grants in the accompanying statement of activities for the year ended September 30, 2021.

9. Note Payable

In August 2018, Friendship Place refinanced the note for the property at 4713 Wisconsin Avenue, NW, Washington, DC, dated May 2014, with Capital One Bank for the principal amount of \$255,000, with a fixed interest rate of 4.75% per annum. Monthly payments on this note, including principal and interest, were \$1,465 until June 2028, when the remainder of the principal and any unpaid interest is due. This note is secured by the first deed of trust on the building. On November 2, 2020, Friendship Place fully paid off this note.

Notes to Financial Statements September 30, 2022 and 2021

10. Net Assets With Donor Restrictions

Net assets with donor restrictions were restricted for the following at September 30:

	2022		2021	
Purpose restricted:				
Homeless and residential	\$	677,083	\$	865,996
Youth programs		233,932		247,672
Professional development		44,342		33,315

Endowment – Military Veterans'				
Assistance Fund		5,096		-
Total net assets with donor restrictions	\$	2,045,520	\$	1,857,389

11. Endowment

During the year ended September 30, 2022, Friendship Place received a \$5,096 donorrestricted contribution to establish a Military Veterans' Assistance Fund ("the Fund") to be held in perpetuity, the earnings, along with a percentage of the Fund's balance at the beginning of the previous fiscal year, can be used in accordance with the donors' intent. Under accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

Friendship Place has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, Friendship Place classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

Notes to Financial Statements September 30, 2022 and 2021

11. Endowment (continued)

Interpretation of Relevant Law (continued)

In accordance with UPMIFA, Friendship Place considers the following factors in making a determination to appropriate or accumulate donor-restricted funds: (1) duration and preservation of the fund; (2) purposes of Friendship Place and the donor-restricted endowment fund; (3) general economic conditions; (4) possible effect of inflation and deflation; (5) expected total return from income and the appreciation or depreciation of investments; (6) other resources of Friendship Place; and (7) investment policies of Friendship Place.

Return Objectives, Risk Parameters, and Strategies

Friendship Place follows a conservative investment policy for the endowment fund that attempts to preserve fully the original corpus and optimize returns. Should significant, new donations be made to the endowment fund, Friendship Place's investment policy would permit a strategy of long-term growth of the endowment fund. Under such a policy, the endowment fund would be invested in a manner that is intended to produce a real rate of return in excess of the spending policy. As the endowment was established toward the end of fiscal year 2022, the Board of Directors implemented an investment policy subsequent to year end, in 2023.

Spending Policy

The donor approved an annual distribution to cover program expenses of no more than 7% of the value of the endowment fund on the last business day of the previous fiscal year, as well as an additional 10% to cover overhead costs. The annual distribution of the endowment fund assets will be permitted to the extent that they do not exceed a level that would erode the fund's inflation-adjusted assets over time.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor, or UPMIFA, requires Friendship Place to retain as funds of perpetual duration. Deficiencies result from unfavorable market fluctuations that occurred after the investment of restricted contributions. In accordance with accounting principles generally accepted in the United States of America, deficiencies of this nature are reported in net assets with donor restrictions. As of September 30, 2022, there were no such deficiencies.

Notes to Financial Statements September 30, 2022 and 2021

11. Endowment (continued)

Composition of Endowment Funds

Endowment net assets were comprised of the following at September 30, 2022:

	Without Donor Restrictions		With Donor Restrictions		Total		
Donor-restricted	\$	_	\$	5,096	\$	5,096	
Total endowment funds	\$	_	\$	5,096	\$	5,096	

As the Endowment was established in fiscal year 2022, there were no net assets designated for endowment at September 30, 2021.

Changes in Endowment Net Assets

Changes in endowment funds were as follows for the year ended September 30, 2022:

	Without Donor Restrictions		With Donor Restrictions		Total		
Endowment net assets, September 30, 2021	\$	-	\$	-	\$	-	
Contributions		_		5,096		5,096	
Endowment net assets, September 30, 2022	\$	_	\$	5,096	\$	5,096	

12. Allocation of Expenses from Management and General Activities

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Expenses that are allocated include salaries, payroll taxes, employee benefits, pension expense, conference and workshops, dues and subscriptions, occupancy, postage and printing, professional fees, supplies, telephone, internet and cable, and travel, which are allocated on the basis of estimates of time and effort.

Notes to Financial Statements September 30, 2022 and 2021

13. Commitments and Contingencies (continued)

Operating Leases (continued)

The unamortized portion of the cumulative difference between the actual rent paid and the straight-line rent is reflected as deferred rent in the accompanying statements of financial position. Rent expenses under these leases totaled \$486,291 and \$411,181 for the years ended September 30, 2022 and 2021, respectively, which is included in occupancy expenses in the statements of functional expenses.

Friendship Place also leases certain office equipment under operating leases expiring through November 2023.

Future minimum payments under all operating leases are as follows for the years ending September 30:

2023 2024	\$ 400,880 401,036

2026	426,251
2027	129,092
Thereafter	 55,235
Total minimum lease payments	\$ 1,825,944

Federal Grants

Funds received from federal and other government agencies are subject to an audit under the provisions of the grant agreements. The ultimate determination of amounts received under these grants is based upon the allowance of costs reported to and accepted by the oversight agencies. Until such grants are closed out, a potential contingency exists to refund any amounts received in excess of allowable costs. Management is of the opinion that no material liability exists.

Notes to Financial Statements September 30, 2022 and 2021

14. Retirement Plan

Friendship Place maintains a 403(b) annuity retirement plan for its employees. Friendship Place may make a discretionary employer matching contribution up to a specified dollar amount or percentage of a participating employee's compensation, as determined by the Board of Directors. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Friendship Place

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Friendship Place, which comprise the statement of financial position as of September 30, 2022; the related statements of activities, functional expenses, and cash flows for the year then ended; and the related notes to the financial statements, and have issued our report thereon dated March 22, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Friendship Place's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Friendship Place's internal control. Accordingly, we do not express an opinion on the effectiveness of Friendship Place's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Report on Internal Control over Financial Reporting (continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Friendship Place's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors of Friendship Place

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Friendship Place's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Friendship Place's major federal programs for the year ended September 30, 2022. Friendship Place's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Friendship Place complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Friendship Place and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Friendship Place's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Friendship Place's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Friendship Place's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Friendship Place's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Friendship Place's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Friendship Place's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Friendship Place's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency in *internal control over compliance* is a deficiency or a combination of over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
